

“The changes Campania can help to bring about in people’s lives makes all the hard work done here hugely worthwhile. When we see families re-establish relationships and made complete again we know we’ve made a lasting difference.”

Campania Care Home Manager

## Campania

### Type of care:

Providing specialist support for individuals living with mental health problems such as Korsakoff’s syndrome and the effects of Alcohol-Related Brain Damage.

Laundry, housekeeping and garden maintenance are just a few responsibilities that residents undertake with support.

**Campania is a large Victorian building which is a short walk from Weston-super-Mare’s famous seafront with its promenade and famous pier.**

A large lounge with computers and internet access is a popular social spot. Here the residents can take part in activities, learn and develop new skills on the computer or read from the large selection of books, newspapers and magazines which are available.

The facilities at Campania are provided with the intention of enabling independence. Each day, residents can be found getting involved in a variety of activities including art classes, baking and cookery. Cooking a nutritional meal is a key skill to establish on the way towards independence.

Campania also benefits from a spacious conservatory. Step outside and you’ll find our lovely courtyard garden with vegetable planters and flowerbeds tended by residents.

The activities coordinator arranges weekly trips and visits to the local swimming pool, gala bingo and country walks as well as visiting places of historical interest.

We have seen individuals thrive in Campania’s relaxed and supportive atmosphere, enjoying life to the full and achieving goals that have previously been beyond them.

Residents play a vital role in all manner of domestic tasks that help keep the home clean and tidy whilst developing further life skills.

“The lives people have lead before coming here are amazingly diverse and full of surprises. We aim to make sure that the future can be just as meaningful and rewarding for all of our residents”.

Campania Care Home Manager

Our home may well be a care home but first and foremost it is the residents' home.

Each room has been created to be a comfortable place to enjoy relaxing in. We also encourage you to bring the little things that make your new surroundings feel like home.

### 3 Step Enablement Programme

With over 30 years experience in the field of alcohol-related brain damage, we have combined our knowledge and expertise to develop a way ahead. This 3 Step Enablement Programme helps an individual to take back control of their life and regain skills to live independently and alcohol free. See our brochure for more details or call the home direct.

### Activities

We understand the importance of meaningful activities. They play a vital role in helping residents live life to the full, whatever their physical ability. Our activities are not only designed to engage mind, body and spirit but to respect and honour each residents' individuality. Our Activities Coordinator is responsible for organising and delivering a fun packed, varied programme which often includes trips out and weekly swimming club, breadmaking and visits to places of interest.

Visitors are always welcome, call in at your convenience to see for yourself how we support independence.
